## Robert S. Tipton

### Innovative Change Author, Speaker, Consultant, Facilitator

*CEO, R S Tipton, Incorporated*

Robert S. Tipton has more than 30 years experience in assisting organizations of all types in designing and facilitating innovative change through excellence in vision creation, strategy development, process execution, and technological effectiveness.

During this time, he has held various roles, including the CEO of his own innovative change and organizational transformation consulting firm, SVP of communications and capabilities for a significant professional services company, managing director of a \$40+ million branding, identity and marketing organization, CIO of a \$1B+ company, CTO of a major IT consulting firm, and other roles where he spent years in the trenches developing and deploying real-world solutions.

He has published 300+ articles, 15 white papers and two books related to innovative change and leadership. His clients include Fortune 50 businesses, governmental agencies, non-profit organizations, educational institutions, middle-market firms, start-ups and growing small companies.

Further, Tipton is a well-known and popular keynote speaker and workshop facilitator throughout the world. He is in demand for sessions at business conferences, seminars and other symposiums, and has won best speaker / facilitator awards at numerous events. Finally, he is a past president of the Institute for Certification of Computing Professionals (ICCP), holds both the CSP (certified systems professional) and CCP (certified computing professional) designations, and is a professional member of the national speakers association (NSA).
